Agenda Item:
ZONING

Case No. 1606-01 – Kevin L. & Samantha J. Simon: Application for a Conditional Use Permit for a Bar, Lounge or Tavern in the “GB” General Business District for the property located at 208 E. Wheeler Avenue

The property is described as Lots 13 through 16, Block 558, Aransas Pass Townsite, 0.402 acre.

PURPOSE:

To consider and act on the conditional use permit request by Kevin L. & Samantha J. Simon to operate a bar at 208 E. Wheeler Avenue.

BACKGROUND AND FINDINGS:

Kevin and Samantha Simon, on behalf of Albert Guzman, has requested a conditional use permit to operate a bar at 208 E. Wheeler Avenue. According to the General Business use table, a bar, lounge or tavern is only permitted in this zoning district via a conditional use permit. This property has previously operated as a bar, formerly known as the Rhino Bar, will not vary from previous uses of the facility. The conditional use permit must be approved prior to getting any building permits.

The subject property is located at the northeast corner of N. Arch Street and E. Wheeler Avenue. The area along N. Arch Street is in a “GB” General Commercial District but is developed with single-family residences. The property abuts an existing residence which is in a general commercial area. There is an existing solid screening fence along the north property line. The operator of bar, Mr. & Mrs. Simon, will be required to maintain the fence in a neat and functional manner. Any lighting should be shielded and directional so as to minimize light spill over onto the residential area. All required parking must be on an all-weather surface, concrete or asphalt. The existing parking area is made of crushed shell. Staff is recommending that the required parking be of an all-weather surface. Parking spaces must be striped to city standards, 10 feet wide and 20 feet deep with all of the maneuvering done on-site and not backing out to the street. Property must be maintained in a neat and kept state at all times.

Notice was published in the Coastal Bend Herald on June 2, 2016. Ten (10) notices were mailed out to the property owners within 200 feet of the subject property. As of June 1, no letters were received in favor or opposition.

PLANNING & ZONING COMMISSION RECOMMENDATION (04/11/2016):

Planning & Zoning Commission recommends approval of the Conditional Use Permit for a bar subject to the site plan and the following conditions:

1. **USE:** The only use, other than those uses allowed by right in the “GB” General Business District, authorized by the Conditional Use Permit is a bar, lounge or tavern.
2. **SCREENING:** A solid screening fence of not less than six (6’) feet in height shall be maintained along the north property line.
3. **LIGHTING:** Any lighting must be shielded and directional and located so as to minimize light spill over onto the residential area.
4. **PARKING:** All required parking must be on an all-weather surface, concrete or asphalt. Parking lot striping must comply with city standards and maintained at all times.

Title: Petition by Redfish Bay Terminal, Inc., represented by Tom Utter, requesting that 18.52 acres located at the south end of the city be disannexed from the City of Aransas Pass. The property under consideration is described as Burton & Danforth Subdivision, Block AA, south half of Lots 1 through 4, located along the north side of E. Beasley Avenue and east of S. Arch Street.

CAPTION:

Disannex 18.52 acres from the City of Aransas Pass on property described as Burton & Danforth Subdivision, Block AA, south half of Lots 1 through 4, located along the north side of E. Beasley Avenue and east of S. Arch Street.

PURPOSE:

To disannex the tract of land in order to be included with the owner's existing industrial agreement.

BACKGROUND AND FINDINGS:

Redfish Bay Terminal, Inc. owns approximately 18.52 acres of land at the south end of the City of Aransas Pass. The bulk of the owner’s property was recently incorporated into an industrial agreement with the City. The owner wants all of the property to be under the same agreement. In order to be placed under the industrial agreement, the property must be outside the city limits. During the negotiations of the industrial agreement, it was mentioned that the owner intended to proceed with disannexing their property in order to include it in the current industrial agreement.

ALTERNATIVES:

Deny the requested disannexation.

OTHER CONSIDERATIONS:

None

CONFORMITY TO CITY POLICY:

Complies with the intent to have the industries at the south end of the city in industrial agreements.

P.O. Box 2000
Aransas Pass, TX 78335

Dear Ms. Carrillo:

Let me first thank you for your diligence and cooperation in finalizing our industrial district contract with the City of Aransas Pass. I believe that the industrial district contracts will serve both the industries and the City of Aransas Pass well in the years to come.

As we have previously discussed, Redfish Bay Terminal Inc. has a vacant tract within the city limits of approximately 18.52 acres immediately north of East Beasley Avenue that lies directly across Beasley Avenue from our industrial district tract.

It is our intention to attempt to develop all of the industrial district tract as well as this 18.52-acre tract as one parcel. Our efforts toward development would be greatly facilitated if we were able to have the City of Aransas Pass de-annex the 18.52-acre tract and immediately amend our industrial district agreement to include the tract. This action will allow us to have the Redfish Bay Terminal Inc. property all within an industrial agreement and greatly facilitate our ability to move forward with some type of redevelopment of the overall tract.

I am attaching a map of the property (shown as tract 1) that gives not only the legal description but also recording information.

Mr. Tom Utter, who represented us during our negotiations on the industrial district agreement, will continue to represent us in this request for de-annexation. If you have any questions or need any further assistance with regard to our request for de-annexation, please do not hesitate to call me at 361-693-2100 or Mr. Utter at 361-815-0813.

Sincerely,

Charles Vanaman

Title: Consider and Act on RFP for bids for fencing for Little League and Community Park

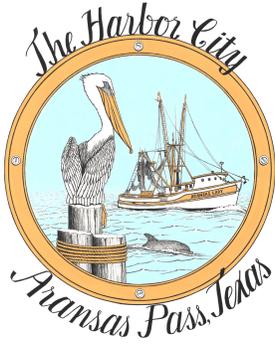

PURPOSE: To release a Request for Proposals for fencing repair at Community Park to include the Little League Park and the Adult Softball Park

BACKGROUND AND FINDINGS:

The Bond 2014 project included improvements to Community Park such as new and ADA accessible playground equipment.

In recent months, safety concerns have been raised by both the league and some residents. In discussion with the Little League, it was determined that we needed to wait until the off season in order to commence work.

This request will be two (2) separate timelines for work, one for the adult fields, and one for the Little League Fields

Title: Consider and Act on Delinquent Account of Amy Cooper – 09-0890-01

PURPOSE: To Consider and Act on Mr. Cooper's request to waive past due water utility bill.

BACKGROUND AND FINDINGS:

Mr. Cooper has taken to social media and local news media to highlight and bully staff regarding an issue he has with a water utility account under the name of Amy Cooper located at 605 W. Matlock

Currently, Mr. Cooper has an outstanding water utility bill of over \$1,000. As with other customers in dispute, he is paying his “average” water bill of \$85.00 per month until the situation is resolved. We have replaced the meter with a radio meter and pulled several data loggers, all which show there is a leak. The average bill has been over \$400 per month.

Further, Mr. Cooper has acknowledged a leak in March. A city staffer is a neighbor to Mr. Cooper and Mr. Cooper has sought his assistance in resolving a shower leak that continues.

We have explained to Mr. Cooper that he needs to hire a plumber to help him resolve the leak issue. Mr. Cooper’s stance is that it is the City’s responsibility to prove he has a leak, (which we have done with the data logger), and he is adamant the City will pay for such a plumber. Mr. Cooper met with Donna Cox last Thursday, and also via phone on Friday of the same week.

Monthly Billed Charges

On Friday, June 17, 2016, Mr. Cooper has advised he hired a plumber and the plumber showed no leak. The data logger shows an intermittent leak. However, the leak is not a pipe leak that a plumber would identify because there would be water puddles throughout the home. This is not the case. It is a shower or toilet leak which is going thru the drain system.

It’s important to understand that City purchases its water from the San Patricio Water District and we must pay for every drop that is used and metered.

Aransas Pass Fire Department

Date: June 20, 2016
To: Mayor and City Council
From: William Cox, Fire Chief

Agenda Item #:

Title: Consider and Act on awarding a service agreement for a CAD Interface between Emergency Reporting System (ERS) and CRIMES.

PURPOSE: Increase efficiency and effectiveness of incident management reporting within the Fire Department. ERS offers a CAD Interface module that collaborates with CRIMES reporting system. The CAD Interface pulls data directly from the local 911 dispatch system into current incident management reporting software.

BACKGROUND AND FINDINGS: Current process to capture response information creates a burden for dispatch and is cumbersome for Fire Department personnel. Dispatch has specific legal obligations regarding incident confidentiality. CAD Interface eliminates the need for Fire Department personnel to enter the dispatch center and increases the proficiency of the data, which is entered manually multiple times. CAD Interface transmits, configures, and uploads data directly into our ERS account.

ALTERNATIVES:
